

OCCUPATIONAL THERAPY

*Overcome your limitations.
Restore your independence.*

Joint Replacements

Fractures

Heart Conditions

Weakness

Strokes

Lymphedema*

Arthritis

Benefits of Occupational Therapy

- Increase ease of activities of daily living; learn safer techniques to avoid injury or re-injury
- Build arm strength so it is easier to sit, stand, and use your walker/cane
- Recover lost function due to illness or accident
- Improve hand function and balance
- Incorporate assistive technology (i.e. tub bench, toilet riser, reacher) to support daily tasks
- Receive a personalized home assessment and exercise program, including education for you and your caregivers

**Our certified lymphedema therapists educate and mentor in all aspects of lymphedema care and management.*

Treatment Plan

Your therapy goals will reflect your diagnosis, needs, and abilities. Based upon your abilities and progress, therapy services can be provided up to six days a week and up to three hours a day.
