Registered Nurses Earn Diabetic Wound Certification

Eau Claire –Dove Healthcare-West, 1405 Truax Boulevard, is pleased to announce that Registered Nurses Joey Pettis and Kelly Heinbuch successfully passed the National Alliance of Wound Care and Ostomy® examination to become Diabetic Wound Certified (DWC®). This certification is the professional recognition that Heinbuch and Pettis demonstrate the competency and mastery of essential knowledge and skills of diabetic skin and wound management and are able to deliver the highest standard in wound care to their patients

An RN for over 40 years, Pettis received her RN associate degree at Anoka Ramsey and Bachelors in Healthcare at University of Oklahoma. She has served as the Director of Nursing for Dove Healthcare-West since 2002. Heinbuch received her Bachelor of Science in nursing at the University of Wisconsin-Eau Claire and has been an RN for Dove Healthcare-West since 2004, presently serving as the Wound Care Nurse.
