Dove Healthcare Employee Recognized for Dedication to Long Term Care

Awarded WHCA's Shining Star as Support Staff Employee of the Year

Eau Claire - Dual Spurlock, a Therapy Technician at Dove Healthcare, was recognized last week as a "Shining Star" by the Wisconsin Health Care Association (WHCA) and the Wisconsin Center for Assisted Living (WiCAL) at the WHCA/WiCAL annual fall convention.

"The Shining Star is a coveted award in our long-term care community," Dove Healthcare Administrator Kendall Duffy said. "And as a facility, we're so honored that Dual has been recognized for his outstanding efforts and dedication to caring for our residents at Dove Healthcare. Dual is truly deserving and we offer him our most heartfelt congratulations and thanks."

Dual was selected for his dedication to the field of long-term care and for going above and beyond in the capacity of a Therapy Technician. In addition to his full-time duties in the therapy department, Dual also dedicates extra time working as a Certified Nursing Assistant, van driver and beautician/barber at Dove Healthcare. "I spend extra time with the residents because I know my efforts will make their lives that much more enjoyable and in return, it makes my life that much more meaningful," Dual said.

"While thousands are worthy of recognition for their service to Wisconsin's elders, Dual has clearly distinguished himself as a Shining Star," WHCA Executive Director Tom Moore said. "We couldn't be more proud of all of our dedicated staff and volunteers in Wisconsin's long term care community. Dual is an outstanding representative of the dedicated, caring, and compassionate people who care for our frail and elderly each and every day."

Quality long term care is provided by thousands of dedicated and honorable caregivers in Wisconsin's nursing home. The Wisconsin Health Care Association's Shining Star awards are recognition of those individuals from throughout the provider community who have been nominated and selected as worthy of special recognition this year.
